

## INDIAN'S TRIAL SET FOR TUESDAY

NEW INDICTMENTS ORDERED IN NIBLETT'S AND SCOTT CASES.

Frank Kawich, the Indian, who has confessed to the murder of his wife, was arraigned before Judge O'Brien yesterday morning, and he pleaded not guilty. His trial was set for next Tuesday. He is represented by Attorney Fred Seybolt, who was appointed by the court to defend him.

William Niblett and Mary Scott were also before the court for arraignment for selling whiskey to Indians, but their attorneys, J. H. Morris and H. H. Atkinson, objected to the manner in which the indictments were drawn, the names of the witnesses not having been affixed to the documents. The court ordered that new indictments be drawn.

## RUMORED STRIKE AT MANHATTAN

It is rumored that there has been an important strike in the eastern part of Manhattan, where a fourteen-foot ledge of telluride ore has been opened up on the Telma group, on the summit of the Toquima range of mountains. It is said that assays have been taken which run 1100 ounces in silver and \$50 in gold.

### PERSONAL MENTION

W. B. Pittman returned from Rawhide yesterday.  
Zeb Kendall is expected home from Rawhide today.  
Judge J. P. O'Brien went to Goldfield yesterday.  
Mrs. H. W. Scheld is confined to her home by illness.  
Deputy Sheriff Thomas D. Devine arrived from Beatty yesterday.  
District Attorney P. H. McCarran will return from Carson this morning.

## BULLFROG SECTION IS LOOKING GOOD

DEPUTY SHERIFF DEVINE LOOKS FOR GREAT INTEREST IN SOUTHERN COUNTRY.

Thomas D. Devine, deputy sheriff at Beatty, arrived from the southern camp yesterday on business connected with his office. He says that a great many from the Bullfrog country have joined the rush to Rawhide, but that there is still plenty of work going on, and that the district is looking good.

"It is quiet both at Beatty and Rhyolite," said he, "but there is considerable work going on in the mills and in the mines. The Montgomery Shoshone mill has been closed down for repairs, but the men are still at work in the mine. There is some leasing going on on the Bullfrog Mining Company's property on Ladd mountain, and the showings are something wonderful."

"If these showings were in the northern parts, they would create considerable excitement, but it is all Rawhide, even down there, and there has been a great bunch that has left both Beatty and Rhyolite for the new gold field. And the majority of them had bank rolls and were going there for investments. There is a pretty good representation from the Bullfrog district in Rawhide."

"But when there comes a lull in the excitement in that part of the country, there will be more interest in the showings at Bullfrog. There are several leases being worked on the Diamond Queen property, which is eight or nine miles east of Beatty, and they are getting out the gold. They are shipping, too, and the last shipment that went out averaged \$150 a ton. The people are very enthusiastic over this work, and the rock is getting better all the time."

Mr. Devine will return to Beatty today.

## ENTHUSES OVER RAWHIDE OUTLOOK

W. B. PITTMAN THINKS THAT CAMP WILL BE GREAT PRODUCER.

W. B. Pittman returned yesterday from Rawhide, more pleased with the outlook than ever, as much enthused as the most enthusiastic man who ever came back from the wonderful country. Mr. Pittman went away with Zeb Kendall, and both of them added to their holdings by securing a lease on Grutt hill, adjoining the famous lease of the Grutt brothers, from which was taken in one shot, \$10,000. They have incorporated the lease, with other holdings, into the Rawhide Wild West Mining and Leasing Company.

"I talked with a mining man on this trip," said Mr. Pittman, "who had been in the Klondike, Australia, South Africa, South America, and all through Montana, Utah, and Nevada, and he told me that he had never seen such surface showings anywhere. You can't speak to anyone in Rawhide who doesn't speak in the highest terms of the camp, and everybody feels confident of its future. There are not less than two hundred people a day going in there, and everyone of them is going in with some idea in mind. A great many are business men looking for investment, and all seem to have money."

"We let three leases on the Big Horn property, and have applications for many more, but are going to reserve the balance for the company workings. Al Price, who has two leases on the Bluff property, told me that the indications were very fine, and that he was getting some high assays. He things very highly of the property."

"The Elks held a meeting on Wednesday night, and appointed a committee to take care of the sick of the order in the camp, and there was considerable money donated for the purpose."

Lesors are working on the property of the Rawhide Nevada King Mining Company, and some very fine showings have been had on the ground from the surface. The property is among the best located in the camp, being right in the country of the Royal Tiger group. The Nevada King, in fact, endlines the Royal Coachman, and sidelines the Royal. The former has been one of the sensations of the camp, and the lease on the Royal Tiger has been turning out three inches of ore which goes \$5 a pound. The Bushwacker, which is close to the Rawhide Nevada King, has three feet of ore which goes better than \$500 a ton.

## TROUBLE IN THE DARKTOWN SET

WOMAN CHARGED WITH HAVING OBTAINED MONEY UNDER FALSE PRETENSES.

Vinette, the black and white highball of the Darktown set, is incarcerated in the bastille on the grievous charge of having obtained money by false pretenses. Vinette claims to be white, but there are other "coons" who declare that they know better. At any rate she had in her purse a bank note of a defunct bank, which went flew before her.

After the note left the purse the trouble began. One gent of ebony wanted the note, and was willing to give its value, twenty dollars, and bless you honey, she let him have it. And it was not very long after that the purchaser let out a holler that shook darktown. He had discovered that the note was on the blink, and he wanted back the chink. Policemen were dragged into the scandal, and Vinette declared that she received five dollars for the precious keepsake of the war, that was all. Judge Brissell will weave out the rest of the romance.

## TROOPS TO LEAVE GOLDFIELD TODAY

(Special to the Bonanza.)  
GOLDFIELD, Nev., March 6.—The two companies of the Twenty-second regiment, which have been stationed here for the past few months, will leave for the coast tomorrow morning. They will have cars attached to the regular train which pulls out of here at 6:35. There are in all six officers and 114 men. One of the companies goes to San Francisco, and the other to Oakland.

No trouble is anticipated after the departure of the soldiers. The Miners' Union has agreed to adopt the Tonopah scale of wages, although it is not plain to see where they are to get employment at that, but the adoption of the scale is a sign that the men do not want any more trouble. The State police is here in their quarters, and are drilling every day. While they do not expect any trouble, they are ready for it.

## CALUMET AND HECLA DIVIDEND

BOSTON, March 6.—The directors of the Calumet and Hecla Mining Company today declared a quarterly dividend of \$5 a share as against the last quarterly dividend of \$10.

One of the directors of the company said today that the company had very little copper on hand, and even sale for that little was slow. He declared that copper could not be produced in America in sufficient quantities at 13 cents per pound to satisfy the demand. Since the price of copper declined below 13 cents a pound some weeks ago, the Calumet and Hecla Company had practically withdrawn from the market.

The corresponding dividend a year ago was \$20. There was an immediate decline in Calumet following the announcement of the reduced dividend. At noon Calumet was quoted at 60 1/2, a drop of 49 points from the last sale at 65, and 31 points from yesterday's closing bid.

## EXTRA FINE BILL AT THE BUTLER

The Butler has one of the finest programs this week that has ever been produced. The first picture, "A Miser's Hoard," shows very clearly the old miser's greed for coin and in his endeavor to keep any one from getting his money, hides it in an old stump. It is found by a poor boy, whose mother is in poverty and there is much rejoicing in the hotel in which they live. This picture alone is worth the price of admission. "A Red Hot Day" is of a comic nature and provokes much laughter. The illustrated song, "Stingy," is one of the popular ballads of the day and makes a great hit. "Thirteen at Table" is of a very funny nature, and is bound to cause much merriment. It shows a fine dinner given by a gentleman to his guests. At the last moment one of his most desirable friends is delayed and cannot come, and in order that there shall be more than thirteen guests at his table, he goes out and asks several street vendors to join him in the big feed, which they, of course, are only too glad to do. The way they perform is a treat to witness. "The Gamekeeper's Dog" shows the faithful canine helping his master out of difficulties. "The Witch's Kiss" is a hand-painted "black art" picture and illustrates the way things go on in the other world. It is very realistic and the settings are elaborate. "Nurse's Travels" is a picture that is found to be interesting for the scenery it shows, in addition to the weird travels of a nurse. "Roll Me Around on the Rollers" is a delightful skating song and brings down the house at every performance. "Swedish Sports" is one of the best films ever produced and shows the favorite pastimes in the far-off country of Sweden. This picture is one that can be enjoyed by everyone, especially those who have lived in a snowy country. It shows trick ice skating, ski jumping and various other forms of amusement on the ice and snow. The management informs us that they are more than pleased with the attendance and interest shown in the performances, and we join them in hoping it will continue, as it is well deserving of a good patronage.

30 days' trial \$1.00 is the offer on Pineules. Relieves back-ache, weak back, lame back, rheumatic pains. Best on sale for kidneys, bladder and blood. Good for young and old. Satisfaction guaranteed or money refunded. Sold by Tonopah Drug Co. 3-3 to 4-12
